Custom Size and Design Donna Appliance pulls

I BELIEVE DRAWER AND CABINET FACES ARE PERFECT CANVASES FOR A SUBTLE BUT POWERFUL DESIGN STATEMENT. All that real estate, yet most manufacturers turn out uninspired commodities. The outcome? We've come to see knobs and pulls as a boring necessity rather than a creative pathway for design.

In 2012, I decided to create my own hardware. We launched with just our Barre and Lily. The reaction was immediate and explosive. Today, Lisa Jarvis Hardware has more than 160 unique, solid brass designs for home, hospitality and commercial usage distributed at over 175 locations.

There's nothing more satisfying than the photos, compliments and thanks we get every week from designers thrilled by the impact LJ Hardware has on their work, their creative vision and their client's pleasure.

If you are interested in growing your design imprint with our collection or your custom vision, let's collaborate.

IF YOU DREAM IT, WE CAN MAKE IT.
